

Autumn In Paradise: The Latest From PGF!

Aloha Friends,

We're excited to share some long-awaited updates with you!

1 - New and Improved Website

We've given our website a fresh look with volunteer support from Taproot Foundation!

Check it out and support our mission:

2 - Nourishing Maui: Okoa's Farm Store Expansion Project

We are thrilled to partner with **'Oko'a Farms** as they continue to broaden their reach and impact for Maui.

Their shift from farmers markets to brick-and-mortar last June has **quadrupled** access of local, organic produce and value-adds for our community. What's more, the store has served as an incredible showcase of local produce and products from over **SEVENTY** vendors.

This summer, **Dr. Dean** provided a loan to 'Oko'a so they could purchase the neighboring unit to the current store. The expansion will enable them to grow into the fixture for the community they've always envisaged.

The addition will include hot food selections, feature even more delicious local provisions, provide more space for customers...*and did we mention they will finally have space for an office!?*

Our Target Funding Goal - \$1 Million
Our Targeted Date of Completion - Late Fall 2025!

We invite you to donate and spread the good news.

And if you find yourself on Maui, **reach out** if you'd like to lend a hand!

This is an all-hands-on-deck invitation to build upon something truly special that benefits so many Maui farmers and vendors.

Did you know, thanks to Dr. Dean, we've had a volunteer program going for over six years?

And since the founding of our charity last February, this support has translated to **\$85,849** dollars in service to advancing our mission to support farmers and food distribution.

We're always looking for passionate individuals to join our team.

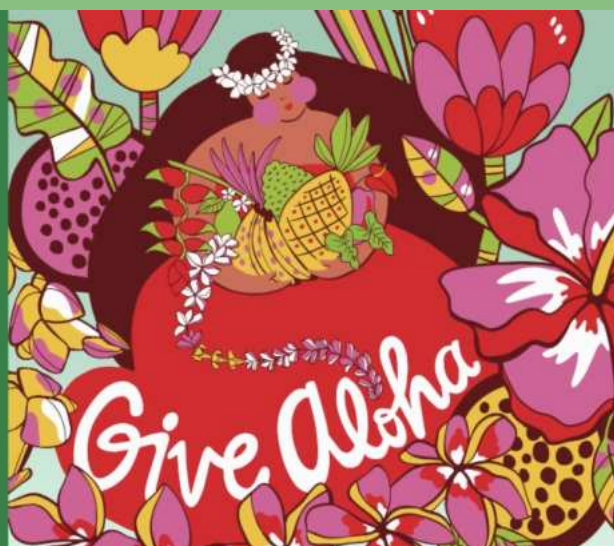

And now, as we begin to deepen our roots as a charitable fixture on Maui, we are looking to bring on a Volunteer Coordinator that can maximize our reach.

The coordinator role will hold space for on-farm volunteer days where locals, tourists, and even corporate groups can connect with Maui's fertile soil. From lending a hand at the farmers market to providing strategic input, your support is graciously welcome!

We are actively seeking funding to provide compensation for this role. If you or someone in your 'Ohana has interest, please [Contact Us!](#)

4 - Partnering with Foodland : September's Give Aloha Program

September
is the Month
to Give
Aloha

We're delighted to announce PGF is a proud participant in Foodland's [Give Aloha program](#) for the month of September!

By simply using your Maika'i card, you can donate to us while you shop for those odds and ends you couldn't grab at 'Oko'a. Foodland will then match the contribution!

Hau'oli Mākou!!

Our code to remember at checkout is 79174.

As always, we're grateful for your continued support. Your belief in our mission fuels our work.

With Warmest Mahalo,

The PGF Team

Carolyn, Sally & Eric
